## REPORT FROM THE CHAIRMAN

“Inspiring young people to reach their full potential is at the heart of our work. We are very proud of what we have achieved over the 2018/19 financial year as we continue to pursue our goals of making the Award accessible to all young Australians, growing our participation rates, providing an effective and high quality program, and increasing our capacity and capability of delivering the Award.

The Award’s proven, four part framework allows young people to discover their purpose, passion and place in the world and equips them for work and life, no matter their circumstances. Participation rates remain strong each year with 47,400+ currently participating in the Award, anticipating this number will grow with our upcoming 60<sup>th</sup> Anniversary Events in 2019 and September Royal Visit. The 60<sup>th</sup> Anniversary of the Award in Australia was a highlight of this financial year as it has generated numerous positive outcomes for the Award and will continue to do so throughout 2019 - including increasing positive brand visibility and relevance to young people.

The Award continues to place significant focus on supporting disadvantaged young Australians, by enabling them to receive financial assistance and subsidies, making the Award accessible to all. Over the past four years alone, the Award has supported over 5000 young Australians to achieve their Award, including at-risk youth, those with disabilities, indigenous youth, refugees, those on low incomes and those from rural or remote communities.

Through The Friends of The Duke of Edinburgh’s International Award Australia we continue to proudly commit 100% of donor funds to front line work funding and supporting disadvantaged young people.

Other notable successes throughout the year included the growth of the Duke 4Sport partnership program, which has secured some reputable sporting partners including Rugby Union, and Surf Life Saving. More are expected to come on board as we highlight this initiative in our 60<sup>th</sup> Anniversary.

In the next financial year, we look forward to continuing to celebrate the Award in Australia’s 60<sup>th</sup> Anniversary with His Royal Highness The Prince Edward, Earl of Wessex KG GCMG Chair of The Board of Trustees of The Duke of Edinburgh’s International Award Foundation. HRH, The Earl of Wessex will be joining us to thank our current delivery partners, donors and volunteers and grow the Awards reach and impact.”

### Research

#### PwC Social Impact Research

The Duke of Edinburgh’s International Award Foundation partnered with PricewaterhouseCoopers to conduct a research study on the social value of the Award in Australia and internationally. The Australian research found that for every \$1 spent on the Award \$4.27 was generated in social value. This means that every Gold Award holder generates \$7000 in social value for their community.
