I will work with the coach to assist with leading drills and will build towards independently coaching a small group of players, thus increasing my leadership and coaching abilities.

### ***Adventurous Journey Expeditions SMART Group Aim Example:***

To canoe along the Lane Poole Reserve in Dwellingup. Each day we will paddle 15 - 20 km and camp at designated areas. We will utilize basic paddling techniques and focus on strengthening our strokes each day to help us navigate the wind and water patterns to ensure we reach our campsite before nightfall. We will keep a journal of our route, weather observations and paddling skills learned, these will be included in our journey report along with an analysis of best paddling techniques to navigate the river.

During our trip we will hike Bluff Knoll Mountain to the backcountry campground and travel daily by hiking or canoeing throughout the area conducting interviews, exploring and detailing unique landforms. We will work with a geologist to help us study plants, soil, rocks, etc. We will submit our findings in our AJ report at the completion of our trip.
