Help your young people find their purpose, passion and place in the world to become **#WORLDREADY**

Who We Are

The Duke of Edinburgh's International Award is a national organisation focussed on supporting young people to thrive. We collaborate with a network of Award partners and volunteers; schools, organisations, governments and businesses, to support Australian young people in their commitment to challenge themselves and realise their potential through learning new skills, volunteering, physical activity and embarking on an Adventurous Journey. We are part of a global community utilising the respected Award Framework to deliver these important outcomes for young people.

Delivering The Award

Delivering the Duke of Ed brings your organisation many benefits, not least the opportunity to help develop young people and support them on their journey as they discover what they are truly capable of.

By delivering the Duke of Ed your organisation will:

- o Give young people the opportunity to participate in a global non-formal education and learning framework, recognised across the world.
- o Complement existing co-curricular activities and receive recognition for them.

WITH THE DUKE OF ED

- o Raise the profile of your organisation and attract more support, applications or funding.
- o Help to develop the lives of young people and make a lasting difference in their communities.
- o Provide professional development for your staff.
- o Become part of an international network of Award Operators, Leaders and; like-minded individuals and organisations.

If you'd like to know how to become an Award Centre, contact your State or Territory Award Duke of Ed team for further information:
